Queensland Motorways at a glance

Queensland Motorways operates and maintains a 70km network of toll roads, bridges and tunnels in southeast Queensland including:

- Gateway Motorway
- Logan Motorway
- Go Between Bridge
- Clem Jones Tunnel (also known as CLEM7), and
- Legacy Way Tunnel (under construction, with completion due in mid-2015).

These roads provide safe, efficient transport options across the greater Brisbane area serving approximately 1.2 million customers.
